WHAT IS REIKI / ENERGY HEALING ?:

- Reiki renews & balances life force energy in a space
- Reiki is full on unconditional love & peace
- Reiki comes from two Japanese words – Rei & Ki.
Rei = universal (present everywhere) spiritual wisdom
Ki = life force, vital energy responsible for maintenance of health
- Reiki enables the therapist to be able to give the gift of healing to a space, humans, animals and plants. The Practitioner is a channeler of healing energy (not working with his or her own energy) a receiving station of energy that is then transmitted via the hands which are simply a conduit allowing the creator's light to pass through the therapist into the space.
- A space clearing session is done room by room and also includes the outside of the property.
- Reiki is neither a dogma nor a religion. It is simply a method for maintaining a space's sense of well being physically, mentally, spiritually & emotionally.

SPACE CLEARING - HOME, OFFICE, AUTOMOBILE, BOAT - ENERGY HEALING :

- Reiki enables the therapist to be able to give the gift of energetic healing also to an environment so therefore Reiki can be channeled into your home, office, automobile and boat. The Practitioner is a channeler of healing energy (not working with his or her own energy) a receiving station of energy that is then transmitted via the hands which are simply a conduit allowing the creator's light to pass through the therapist into the space. The energy will go where it needs to go in an energy clearing session.
- A Reiki Practitioner can clear every room in a building of negative vibrations and replace them with harmonious Reiki life/light energy. The Reiki Master Therapist at Soul Motive can feel the energy blockages in a space that may need some extra attention. Burning of sage and singing bowls are also used if a client would like this in a space clearing to help achieve the right energy frequency in the space and set the intention for the old energy to be cleared and the new energy to be brought in.
- Reiki for space clearing can be used often and can be used often as you have the opportunity to do so.
